

Tennis Lock Box Procedure

Lock BOX is on the main gate. Key is inside. When you leave, please see that BOTH gates are locked. It's important for both safety and insurance purposes.

Combination is 0995.

a—Open shutter door to reveal the dials and the release button.

b---Rotate dials to 0995

c---Press down the release button to open the door

d—Pull the door fully open

f---Return key

g---Close compartment door

h---Scramble the combination dials to lock

i---Close the shutter door
